

BODY BEAUTIFUL

To: AICI

November 13, 2013

At the recent AIM Masterclass Lecture Series of Style Masterclass in Singapore, Josephine LUI was one of the more experienced image consultants among the students. Josephine has passion for her work, and a passion to learn. She is attentive to all details.... a must for a competent image professional.

Her visual and social presentation befits an image professional. I recommend her for the designation of CIP.

Sincerely,

Carla Mathis, AICI CIM
